

TOUR / RECEPTION AT MORNINGSIDE, Saturday, June 4 from 10 a.m. - 12 noon

This Tour/Reception is the second in a series of five tours of area retirement complexes. The reason for this five Tour/Reception OLLI program is to provide members with comparative information regarding the various types of senior complexes in the greater Fullerton area while enjoying a reception provided by the various complexes. There is a cut-off of 70 for this tour & reception (reception on Morningside's Lakeview patio). Reservations may be made with Celia at the OLLI office on a first come/first served basis. There is a \$2/ticket charge for processing. Parking is limited at the site which necessitates the following arrangement: A free bus will pick up (and return) 29 members at OLLI parking lot J at 9:30 a.m. Members will be assigned a bus seat when they pick up tickets on a first come/first served basis. The remaining 41 members will also meet at lot J at 9:30 a.m. and will be asked to share 30 parking spaces at Morningside. These members will be asked to ride-share and will be assigned a Morningside parking space when they purchase their \$2 tickets from Celia.

This second OLLI tour & reception at the Morningside retirement community follows a very successful tour & reception at the Jacaranda Senior Housing complex on January 8, 2011. At the end of the five tour series, sessions will be held at Mackey with housing and financial specialists to explain and compare the different types of retirement housing & financial implications for those members who may be contemplating downsizing. This is a wonderful way to learn about retirement housing in our area while enjoying a great reception with fellow members.
